

ANNUAL NEW YORK COMBINE YOUNG BIRD SHOW

This show marks the start of the New York Combines 30th show season. We start with our annual New York Combine Young Bird Show which was held on Saturday October 28, 2006 at Polish American Hall Maspeth, New York. The first of three great shows for the 2006 season and the "First Jewel" of the "Triple Crown" for Domestic Flights.

In July at our Most Promising Show and Barbecue we had a small sampling of some of these beauties that we will probably see do well all year long.

There were 160 babies on display for everyone to admire, these are the very best our breed has to offer. This years crop of youngsters was as usual much improved with many highly competitive classes and once again the Combine outdid itself by putting on one of the Greatest Shows on Earth.

When the dust finally settled there they were for all to admire the Cream of the Crop for 2006 on display a magnificent sight to behold.

Its always nice when we start a new show season, get a look at how your young ones will do against the competition, hoping that this is the year one will be a Champion?

The judging was done by four men who are currently attending our judging seminars, these men were Tony De Santolo, our Treasurer and Assistant Show Superintendent Pete Fratangelo Jr., our Corresponding Secretary and Decoration Superintendent Joe Monteleone and Bobby Simeone who all did a great job of judging, we think one or two are ready to move up and judge at our other shows.

The show hall was decorated in full seasonal fashions with Halloween decorations throughout the show hall. And once again we have to take our hats off to the Combine members who did a splendid job of decorating.

The Best Plainhead was a red as was the Best Cap the "Best in Show" was the red plainhead which was a cobby bird with excellent color, good body with a thick neck and a good outlook, both birds bred by the partnership of President Sal Gigante and Fred Monteleone. Congratulations to the partnership of Sal Gigante and Fred Monteleone for breeding this years top winning birds at our Young Bird Show and to all members who placed some of their beauties at this show, for at the Combine we have no losers, just to be part of this fine organization {The New York Combine} makes you a winner.
